

FINANCE AND COMMERCE.

CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advances.

NEW YORK, Nov. 15.—Money on call today loaned at 4 1/2 per cent. The lowest rate was 4 1/2 per cent. and the closing 5 per cent. Exchange steady; posted rates, 4800/4815; actual rates, 4800/4815 for sixty days and 4800/4815 for demand. Governments dull but steady; currency 6 1/2, 107 1/2 bid; 4 1/2 coupons, 114 1/2 bid; extended 2 1/2, registered, 100 1/2 bid.

The trading in stock this morning was on a moderate scale, with dealings for the most part confined to about half dozen shares. In the afternoon the market was less active, but the tone was stronger. The weakness and irregularity of the morning's trading disappeared under covering by bankers most prominent in the selling movement of yesterday. Even Chicago Gas, which was sold by the bears early in the day, recovered the decline and closed at a slight advance. Reading was heavy during the greater part of the day, notwithstanding the news that suits for the state of New Jersey against the road had been postponed. The selling was attributed to reports that the old Reading insiders were expected to the absorption of the Boston, Maine and New England stocks by the Reading interests. In the last hour, however, even Reading hardened and closed at 1/2 per cent. advance on last night's price. The closing prices for the general market about highest of the day. The advance ranged from 1/4 to 1 1/2 per cent. The sales for the day amounted to 204,547 shares.
